

GENERAL INFORMATION

INVINO-580 is a multipurpose defoamer that can be used in the textile industry. Compared with the same type of silicone defoamer, INVINO-580 can provide very good defoaming and excellent durability at less than half the usage. In addition, INVINO-580 can be dispersed into a uniform dilution after being diluted with water, and there is no oil drift or agglomeration in the working fluid formulation.

TECHENICAL DATA SHEET

| | |
|-------------------|----------------|
| Appearance | White Emulsion |
| PH | 6.0-8.0 |
| Solid Content (%) | 50.0±1.0 |
| Viscosity (cps) | 1000-5000 |

APPLICATIONS

- Textile refining, infiltration, industrial cleaning, metalworking fluids, etc.
- Used in low-foaming/non-foaming textile auxiliaries formulations.
- As a paste defoamer in the printing process formulation.
- Other defoamers required for textile treatment processes with high pH working conditions.

KEY PROPERTIES

- Good durable defoaming properties under acidic or alkaline conditions.
- Excellent durable defoaming properties at low addition levels.
- Excellent foam control in both normal and high temperature environments
- Fast defoaming performance
- No oily spots or lumps when diluted with water
- Easily dispersible in hard water

LEVELS OF USE

Our technical suggestions are based on data from many experiments and cannot represent a warranty of any kind as to their performance in other formulations. Customers must always verify our product's performance in their own systems. This technical data sheet replaces all previous issues.

Technical Data Sheet

- INVINO-580 can be directly added to the system.
- The general addition range is 0.2 to 1%. For different defoaming systems, it is recommended to conduct tests in advance to achieve the best defoaming effect and control the appropriate dosage.

HANDLING AND STORAGE

- Avoid any eye and skin contact.
- Keep away from source of ignition and heat.
- Keep container tightly closed in a dry and well-ventilated place.
- Stored between 0°C-40°C.
- For further information please check to MSDS.

PACKAGE

- Net Weight: 25kgs,200kgs/Plastic Drum, IBC

SHELF LIFE

- INVINO-580 has a shelf life of 12 months from date of manufacture.

QUALITY ASSURANCE

We guarantee that all operations are conducted according to the stipulated standards. If you have any questions when you use. Please don't hesitate to contact us!
